The Power of Teamwork & Touch

Two hours of loving on people, serving a meal prepared by the HOME team, attending to wounds, devotions, and singing room to

room changed me forever! This was my fourth visit to the elderly home; each time I am impacted, but this visit truly changed me.

We are making friends and getting to know the workers there. These people each have a story and each are precious human beings. I felt helpless and yet full of hope for the future.

The HOME team was prepared and generous. The FFP staff jumped in a gave of themselves. CHAMPS allowed God to use them in ways they were not planning and brought smiles and laughter to the patients. I even saw some dancing! These few moments were an example of human touch being a gift.

I am grateful for the opportunity to serve and be refined. Please keep these people in your prayers and keep the HOME team in your prayers as they continue to minister. Ribinson Cherisma and his team of Haitian volunteers are truly the hands and feet of Christ in Haiti and inspire so many beyond those borders.

CHAMPS

We are so thankful for the team from Minnesota and Arizona that came to serve in a medical capacity. Each day was a gift of its own. Partnering with 15

volunteers and Haitian staff, CHAMPS saw over 1,500 patients. Kay Anderson and her team were inspiring and tireless.

Our thanks to our hosts, Foundation for Peace, and their terrific staff.

Below is a blog from one the of the CHAMPS team members relating the professionalism of the FFP staff:

"This is my first Haiti experience and my first medical team experience. Both have been inspirational. The Haitian interpreters are awesome and truly selfless in their desire to serve God and their people. We could not do what we do without their incredible skills and energy. It is live-giving to hear their stories, their background, and especially, their hope for a better future for themselves and their fellow country people. Many of them are fluent in several languages and I think how valued those skill are in every country in the world. Yet they labor in obscurity (except to us) and with little compensation. They know they are doing God's work and that keeps them going. Bondye beni nou! (God Bless You)"

Soccer and CAD

Ribinson awarded the first player of the month to Sancily, who was recognized for demonstrating

progress, initiative, and fair play. It was a great day and the team shared cake to celebrate after the game. These young boys are growing as a team, learning leadership skills and maturing spiritually.

Your support goes a long way! We will be kicking off a new

team near Mier on April 1st. It will be led by Pastor Jusme. As always, we thank Alison Gaddis for her vision, love, and efforts to continue the discipleship/soccer program.

- ! A huge THANK YOU goes out to the William Pruitt family for providing new soccer cleats for the team at CAD orphanage!
